“**A** national study has named the Town of Ramapo the Safest Community in the U.S.” The Annual City Crime Rankings 2008-2009 published by the CQ Press looked at 397 municipal areas having populations of at least 75,000 residents. Ramapo’s crime rate is 89.18% below the national average. Ramapo had the fewest burglaries, the second

fewest motor vehicle thefts and also ranked in the top ten for fewest robberies. The information came from the FBI’s 2007 crime statistics report. This tremendous accomplishment will have a positive impact on home values, economic development and the quality of life in our community. It reflects the Town Board’s investment in public safety, the professionalism of our local

police and your vigilance.

The results of the CQ crime rankings appeared in the media throughout the United States and was featured on AOL. The Town of Ramapo has also received national recognition twice in the past several years by Money Magazine, being designated as one of The Best Places to Live in the United States.
