

7.0 Growth Inducing Impacts

Comment 7.0-1 (Letter #19, John F. Lange, Senior Associate for Planning, Frederick P. Clark Associates, Inc.): Growth Inducing Aspects: Pump station increased capacity and force main replacements have been sized to correct the under capacity of the existing pump station as well as to meet the needs of the Patrick Farm project. No additional capacity was included beyond the Patrick Farm requirements.

Response 7.0-1: Comment noted.
