Re: 6 NYCRR Part 617 of the State Environmental Quality Review Act (SEQR)

The webpage below will provide helpful guidance information to applicants and their design professionals on completing an environmental assessment form (EAF) for both short and full forms:

<https://www.dec.ny.gov/permits/357.html>

The Town encourages the use of the EAF Mapper Application which is an Internet-based Geographic Information System (GIS) specifically designed to facilitate the NY State Environmental Quality Review (SEQR) process by answering geographic or place-based questions on the Short and Full Environmental Assessment Forms (EAFs). The EAF Mapper will provide its results by directly filling out many place-based questions in Part 1 of an electronically fillable SEAF or FEAF form and returning the partially completed form to the applicant or sponsor to finish. It may be found at the following web address and then clicking on "EAF Mapper Application."

<https://www.dec.ny.gov/permits/6191.html>

The type of action will dictate whether a short or full environmental assessment form is to be submitted. All Type I Actions under SEQR must complete Part I Full EAF.
